The IIM SKILLS Story

ABOUT US

IIM SKILLS is among the fastest-growing ed-tech companies worldwide, Headquartered in New Delhi, India; IIM SKILLS has a presence in 23 cities in Asia including Dubai & Singapore catering to Finance, Marketing, Data, Content & multiple other educational domains.

OUR HISTORY

IIM SKILLS stemmed from the foundation of a successful educational blog. After reaching 1 million people digitally for career guidance, we decided to launch our first full-fledged training program. We started with the Content Writing Master Course which transformed the entire content education industry.

OUR MISSION

Our mission is to provide world-class education at affordable prices through our live online and self-paced learning programs. We are continuously bringing revolution by identifying the industry-relevant skill development courses that are in demand and can help professionals upskill professionally in a few months.

Student Testimonials

Vishakha Kulkarni

Thank you very much to Varun sir for providing such an insightful learning experience through the course. I am grateful for the excellent instructions provided throughout the sessions. Thank you once again for your support and guidance.

Aditya Sharma

I researched various platforms that offer Investment Banking course but the best response was for IIM SKILLS and also because the things they offered were far better than others

Varsha Bansal

It's all possible because of Varun sir's teachings and efforts he made to clear doubts & taught every concept with utmost clarity & patience. Would surely love to go further in-depth finance from more courses which I am planning to take from IIM SKILLS.

Tanishq Shekhar

One-to-one counseling and feedback from past students of IIM SKILLS. helped me achieve great results with the Investment Banking course

Krupa J. Solanki

While the course structure & content shared with me were a bit similar to other FM courses however the sales representative helped me with very good details - the idea of the usage of real-life examples and current scenarios of the economy in the teaching.

Tanvi Julia

I recommend IIM SKILLS because it provides a practical approach to the Financial Modeling and Valuation course. It will help me to develop a fast-paced career path that is rewarding.
